INTRODUCTION:

Book reviews are highly beneficial to students because they encourage critical thinking, increase analytical abilities, and improve writing fluency. Book reviews require students to delve thoroughly into books, scrutinizing topics, character development, and stylistic features, so improving their understanding and appreciation of literature. Furthermore, the process of expressing educated ideas and offering constructive criticism helps them improve their capacity to communicate effectively and convincingly. Students who frequently practice these skills not only have a stronger knowledge of the material they read, but they also build important academic and professional skills that may be transferred across disciplines.

COURSE OBJECTIVES:

1. Develop Critical Reading Skills
2. Enhance Analytical Abilities
3. Improve Writing Proficiency
4. Cultivate Constructive Criticism
5. Understand Genre-Specific Conventions
6. Enhance Research Skills
7. Foster Effective Communication
8. Create a Portfolio
9. Engage in Peer Review
10. Appreciate Diverse Perspectives

COURSE OUTCOMES:

1. Critically Analyze Texts
2. Write Comprehensive Summaries
3. Construct Well-Structured Reviews
4. Articulate Thoughtful Critiques
5. Support Arguments with Evidence
6. Understand Audience and Purpose
7. Engage in Peer Review
8. Enhance Writing Proficiency
9. Reflect on the Review Process

COURSE DETAILS:

Students need to choose one out of the following preapproved Books:

- **Contribution of Lokmanya Tilak to Indian Studies**
- OR**
- **The Essence of Lokamanya B.G. Tilak's Economic Thought**

<p style="text-align: center;">The books will be made available in the library by the respective department / institution.</p>

Assessment:

The students, upon thorough reading of the chosen book, shall prepare book reviews in writing under guidance of faculty members and submit two copies of the same. The student is expected to do a presentation of the said book review in front of the class. The faculty is expected to initiate discussions on the same.

INTRODUCTION:

This course provides a comprehensive exploration of Indian Knowledge Systems (IKS), focusing on the historical, philosophical, cultural, and scientific contributions of ancient India. Through various topics and perspectives, this course aims to deepen the understanding of India's rich intellectual and cultural heritage. The course is structured to cover diverse areas, including Sanskrit literature, Indian philosophy, classical languages, education systems, arts, architecture, trade, medicine, yoga, astronomy, mathematics, agriculture, and metallurgy. By examining these aspects, students will gain an appreciation of how IKS has shaped global knowledge systems.

COURSE OBJECTIVES:

- To provide students with an understanding of the foundational concepts of Indian Knowledge Systems (IKS) across various disciplines such as literature, philosophy, arts, and sciences.
- To explore the historical, cultural, intellectual, and philosophical evolution of India, and examine the contributions of classical languages (Sanskrit, Pali, and Prakrit) to literature and philosophy.
- To analyze key aspects of ancient Indian education systems, arts, architecture, trade, medicine, and scientific advancements, and understand their significance in shaping global knowledge systems.
- To connect the applications of IKS in contemporary society, fostering an appreciation for its relevance and contribution to modern-day practices.

COURSE OUTCOMES:

CO1. Demonstrate a comprehensive understanding of Indian Knowledge Systems (IKS) and their core concepts across various disciplines, including literature, philosophy, arts, and sciences.

CO2. Analyze the historical timeline of India and its influence on global thought, culture, civilization, and intellectual discourse.

CO3. Recognize and evaluate the contributions of ancient Indian philosophy, education systems, arts, architecture, and scientific advancements, including Ayurveda and mathematics, to modern society.

CO4. Examine the relevance and application of IKS in contemporary contexts, including modern business practices, medicine, agriculture, and industry.

COURSE DETAILS:

This course is an **ONLINE COURSE**. Students shall register on <https://tmvonline.org/tmvmooc/> and thereafter can access the course through videos uploaded.

An online exam will be taken for the course and the date will be informed by the department accordingly.

INTRODUCTION:

In the ever-evolving world of business and leadership, success is no longer measured solely by profits, growth, or market share. Today, the essence of great leadership lies in values-driven decision-making, ethical integrity, and a commitment to societal well-being. This course, Moral Values for Management Students, is designed to explore the role of morality and ethics in shaping responsible leaders who can navigate complex organizational challenges with integrity and purpose and encourage the development of a personal value system aligned with professional excellence and social responsibility.
