Tilak Maharashtra Vidyapeeth, Pune
Program Outcome for Masters of Commerce

Introduction:

Masters in Commerce is the Masters degree Program in Commerce, under the Department of Management of TMV. We have adopted the CBCS pattern with suitable Courses in four Semesters.

Program Objectives:-

Advanced topics in Core Courses are taught, creating sound knowledge in Commerce.

Program Outcome:-

- To mould young minds for enriching the corporate world
- Industrial Visits are arranged for the B.Com and M.Com Students,
- Making young minds aware about the set up and activities of the corporate world.
- During the Industrial Visits, with the help of Questionnaire, expectations of the industry from Commerce graduates are noted and analyzed.
- To bridge the gap between conceptual knowledge and its applications , relating to topics like factory layout , HR functions , financial management and others , our students and faculty members gathered a good deal of exposure.
- These functions were observed and documentation of records was noted. Thus, academia – industry interaction is held by our department to link our Program Outcomes with the Vision and Mission Statement.
