On the occasion of World Environment Day held on 6th June 2022, the Community Based Rehabilitation Department of TMV's Jayantrao Tilak College of Physiotherapy organised a poster making competition among the physiotherapy students of first year BPT. The theme of this year's Environment day was 'ONLY ONE EARTH' which was thoroughly depicted in the posters made by the students. Students portrayed their understanding of the environment on the canvas through mixed media which included water colours, crayons and also waste materials.

There were 11 participants in total, divided in 4 groups of 2 students and 3 individual students. The total number of posters were 7. The competition timing was for 1 hour ie from 11 am to 12 pm and was hosted in the OPD of TMV college of Physiotherapy. The judge of the competition were our honorable secretary Mr. Ajit Khadilkar who enlightened the students about the ways we can contribute in saving the environment.

Overall the competition was well received and appreciated by the participants and also by our esteemed judge.
