| Major Elective-2 | Political Process of Maharashtra | POLMJE 202 | Credit 4 |
|-------------------------|---|-------------------|-----------------|

Course Outcome:

This course intends to introduce students to an in-depth study of politics in one state- Maharashtra. Therefore, students are expected to understand both the historical evolution of Maharashtra's politics and different analyses of politics of the state. It is expected that the students will situate the politics in Maharashtra in three contexts: one, the historical context of the region itself, two, the all-India context and three, the comparative context of other states. This approach will help the students in distinguishing between the special and normal features of state's politics.

General Structure of Internship/On-Job Training (OJT)

In accordance with the NEP-2020, the UGC framed a new student-centric “Curriculum and Credit Framework” incorporating a flexible choice-based credit system, multiple entry and exit options, and a multidisciplinary approach. An internship is gaining first-hand experience by an individual besides comprehending the way of working in an organisation, leading to improve the skill aptitude for a specific job or job role and building research capabilities with learning opportunities. Internships should be such organized that benefits the research intern as well as the internship providing organization. In an internship course students require to participate in a work experience or professional activity, or cooperative education activity with an entity external to the education institution, under the supervision of an expert from the given external entity. A prime aspect of the internship/research internship is induction into actual work situations. Internships includes working with government or private organizations, higher education institutions, universities, research and development labs/research organisations/non-government organisations, enterprises, centres involved in research, innovativeness and entrepreneurship, business organizations local industry, artists, craftspeople, and similar other entities for providing opportunities to students for active engagement in on-site experiential learning.

Output of On-Job Training (OJT)

- i) OJT experienced personnel will perform their tasks and the trainee/student will observe it to learn job-relevant skills and abilities.
- ii) OJT enhances accountability for both trainers and trainees.

For the Details of internship student can access the UGC link given below-
