Alumni meets are vital in a hotel management program as they serve as a bridge between past and present students, fostering networking and knowledge-sharing. Alumni, having gained industry experience, bring valuable insights about trends, challenges, and opportunities in the hospitality sector. Their real-world experiences help current students understand industry expectations and prepare for future careers. Such events create opportunities for mentorship, as alumni can guide students on career paths, internships, and skill development. Additionally, alumni often serve as brand ambassadors for the institution, enhancing its reputation and credibility in the industry. For the program, alumni meets strengthen ties with industry professionals, potentially leading to collaborations, guest lectures, and placement opportunities. These interactions also inspire students by showcasing success stories, boosting motivation and ambition.

The alumni interaction was necessary for building connections and exchanging the industry experiences. A dinner was organized for all the attendees. In essence, alumni meets build a strong, supportive community that benefits students, alumni, and the institution, contributing to the holistic growth of the hospitality education ecosystem.
