

B.A. Social Science

Economics – F.Y.B.A.

Subject Name	Indian Economy I, II
Subject Code	Part-I (ECG-101) Part-II (ECG-201)

Course Outcome

- To understand the nature and structure of Indian Economy.
- To understand the importance of agricultural and industrial sector and importance, problems of them.
- To get the knowledge about banking sector.

Subject Name	Micro Economics I, II
Subject Code	Part-I (EC-101) Part-II (EC-201)

Course Outcome

- To understand the theory of value of micro level.
- To get the knowledge about various types of markets.
- To understand the theory of distribution of national income, production factors and related theories.

Economics – S.Y.B.A.

Subject Name	Banking I, II
Subject Code	Part-I (EC-301) Part-II (EC-401)

Course Outcome

- To understand the knowledge about banking sector.
- To know the role of banking in development process.
- To understand the functions of banks as a business.

Subject Name	Macro Economics I, II
Subject Code	Part-I (EC-302) Part-II (EC-402)

Course Outcome

- To understand the economy at macro level.
- To know the role of government in economy.
- To understand the monetary theories.
- To understand about trade and IMF.

Subject Name	Macro Economics I, II
Subject Code	Part-I (EC-303) Part-II (EC-403)

Course Outcome

- To understand the concept of development in modern age.
- To know the role of economic and non-economic factors in development process.
- To understand various theories of development.

Economics – T.Y.B.A.

Subject Name	Economics of agriculture I, II
Subject Code	Part-I (EC-501) Part-II (EC-601)

Course Outcome

- To understand the relation between agricultural economics and other social sciences.
- To know the nature, importance of agriculture sector in economy.
- To know the problems of agriculture sector.

Subject Name	History of Economic thoughts I, II
Subject Code	Part-I (EC-502) Part-II (EC-602)

Course Outcome

- To understand the history behind today's economic policies.
- To know the economic thoughts of many economists from various ideology (streams).
- To understand the Indian history of economic thoughts.

Subject Name	Economics of Labour
Subject Code	EDSE-501

Course Outcome

- To understand the singularity of labour as a production factor.
- To know the various theories about labour.
- To understand the productivity, problems of labour.

Subject Name	Economic Systems
Subject Code	EDSE-603

Course Outcome

- To understand the classification, functions of economics.
- To know various types of economics.
- To understand the mixed economy related to Indian economy.

B.A. – Social Sciences (History)

Programme Outcome

- Students acquire interdisciplinary approach towards Indian society.
- Students are equipped with the IT skills.

B.A. – History

FIRST YEAR – FIRST SEMESTER

MODERN INDIA: INDIA'S STRUGGLE FOR FREEDOM (HCG-101)

Course Outcome – After studying the history of India's Struggle for Freedom the students will be able to –

- Comprehend, narrate and objectively evaluate the history of freedom struggle.
- Describe various streams in Indian national movement.
- Comprehend political background of present day India.
- Follow the roots of the Indian nationalism.

HISTORY OF MODERN WORLD (RENAISSANCE TO 1871) (HC-101)

- To gain understanding about urban problems, remedies on these problems..

Sociology – T.Y.B.A.

Subject Name	Social Research Methods I,II
Subject Code	Part-I (SC-501) Part-II (SC-601)

Course Outcome

- To get a good grasp of scientific method in sociology.
- To understand social research methods.
- To get knowledge about fundamental nature of the scientific approach to social survey and social research.

Subject Name	Industrial Sociology I,II
Subject Code	Part-I (SC-502) Part-II (SC-602)

Course Outcome

- To get acquainted with the human relations in industry.
- To understand the problems in industrial organisation from sociological point of view.
- To understand the inter-relationship between workers and management.

For Sociology, Political Science and History

Subject Name	Science and Society I,II
Subject Code	Part-I (BADSE-505) Part-II (BADSE-605)

Course Outcome

- To get knowledge about the interrelationship between science and society.

- To understand the scientific principles on which instruments of regular use are based
- To get information about problems caused due to development of science.

For Sociology, Political Science and Economics

Subject Name	Study of specific social problems I,II
Subject Code	BADSE-506 BADSE-606

Course Outcome

- To get clear idea about some specific Indian social problems.
- To think impartially and critically about the problem of religion and secularism.
- To get motivation for solving these problems..

B.A. Social Sciences

F.Y. Marathi

Sem. I

Subject Name	Vyaharik Marathi
Subject Code	BAM - 101

Course Outcome

- To understand how to state own thoughts pointedly, briefly and clearly
- To get knowledge about how to show skill in the fields of advertisement, news paper, and radio.

S.Y. B.A. Marathi

Sem. III

Subject Name	Shabari, Vishakha, Vyakti andi Valli
Subject Code	BME - 301

Course Outcome

- To get knowledge about meaning of literature and types of Literature
- To understand the difference between novel, poetry and articles on character sketch
- To create ability to find out all types of literature.

S.Y. B.A. Marathi
Sem. IV

Subject Name	Jara Jaun Yeto, Vidrohi Kavita, Kamala
Subject Code	BME - 401

Course Outcome

- To get knowledge about types of literature after 1960.
- To develop liking towards studying of different types of literature.

B.A. Social Science

MS Office – S.Y.B.A.

Subject Name	MS Office
Subject Code	BS-301

Course Outcome

- The student will be able to understand the basic of computer.
- They will be able to get knowledge of Microsoft Word, Excel, Access, Power Point etc. The lectures will learn about the basic concepts of the same.
- It will help in letters typing, give presentations, graphs etc.

Tally – S.Y.B.A.

Subject Name	Tally
Subject Code	BS-401

Course Outcome

- The student will be able to get knowledge of Accounts.
- It will help in feeding daily receipts, expenditure, so that we can get Profit and Loss A/c, Balance Sheet.
- It is user-friendly and easy to operate.
-

M.A.Courses

- The Master's programme (023) chisels the student to be a responsible citizen of the country and also a reflexive human being. It provides the foundation for further studies and also a basic understanding of the history, state, bureaucracy, judiciary, economy, culture and society. MA program Compulsory Subject / course Outcome

M.A. -Interdisciplinary papers

Subject Name: Interdisciplinary Approach to Social Sciences with Reference to Concept of Swarajya

Subject Code: (ID-101)

Course Outcome:

- To enable the student to comprehend contemporary issues and phenomenon through various disciplinary lens.
- To encourage students to visualize the unity of knowledge.
- To enable students to critically assess issues of citizenship and nationalism through a holistic perspective.

Subject Name: Gender Studies

Subject Code: (ID-201)

Course Outcome:

- To sensitize students on gender issues, patriarchy, violence against women.

- To encourage students to democratize knowledge production and dissemination
- To enable students to critically assess cultural practices, tradition and perspective that promote gender discrimination and transform them into egalitarian spaces.
- To enable students to employ critical feminist theories to transform society.

Subject Name: Research Methodology
Subject Code: (ID-301)

Course Outcome:

- To train the students in the craft of research.
- To enable the students to connect theory with practice.
- To open up for the students the universe of knowledge generation through research.
- To encourage the students to take up higher education leading to doctoral studies.
- To generate interest in contemporary interdisciplinary research.
-

Subject Name: Globalisation: Issues and Challenges
Subject Code: (ID-401)

Course Outcome:

- To enable the comprehension of processes of globalization and globalizations.
- To encourage students towards multiculturalism and promotion of egalitarianism and democracy.
- To enable the students to comprehend the power relations in a new world order and train them to meet this challenge.
- To enable them to envision a changing world and their opportunities for the future.

Programme No. 1

Master of Arts (M.A.) in Economics

Programme Outcome

M.A. in Economics is programme introduced under Nehru Institute of Social Sciences, Tilak Maharashtra Vidyapeeth, Pune with following outcome

- * Provides specific background in economics and helps to improve the understanding of applied economic analysis.
- * Prepares the students for variety of challenging careers related to economics branch through innovation in teaching and research
- * Develops comprehensive understanding of interdisciplinary issues of society with central theme of economics

- * Promotes the research knowledge among the students

PROGRAMME SPECIFIC OUTCOME

- Knowledge of background of economics
- Preparation for challenging career related to teaching and research
- Promoting interdisciplinary understanding

COURSE OUTCOME

SEMESTER-I

ID-101/17

INTERDISCIPLINARY APPROACH TO SOCIAL SCIENCES

ECBCS -111-17 MICRO ECONOMIC ANALYSIS- I

- This course helps to analyse the economic behaviour of individuals, firms and markets.

- To make the students aware of the importance of population in economic development.
- To explore the theories related to growth of population in a country.
- To analyze the structural changes in migration, urbanization, population growth, gender characteristics etc.

M.A. History Programme outcome

Programme outcome:

- It provides basic knowledge of History and improves the understanding of applied history.
- Students get the various theories of History and it helps the students to do research in a broader view.
- Promote the teaching and research knowledge among the students.

Program Specific Outcome:

- Employability in the field of government and non-government sector.
- This programme encouraging students to do research in interdisciplinary perspective.
- It promoting students to learn history in a wider view and update himself to modern world.

Semester – 1

Subject Name: Theory of History

Subject Code- HCBCS-17-111

Course Outcome

1. To gain the knowledge of basic theories of history.
2. To understand information regarding the methodological aspects related to the disciplines of history.

3. To achieve the theoretical background of the ideological base of the research methodology.

Subject Name: Ideas and Institutions in Ancient India

Subject Code -HCBCS-17-112

Course Outcome

1. Understand a conceptual understanding of the Indian intellectual heritage.
2. To gain knowledge of ideological aspects of the past in an unconventional manner where in chronological accounts are not articulated elaborately.
3. To Understand about ideas and institution in ancient India.

Subject Name: Administrative system of the Maratha

Subject Code- HCBCS-17-113

Course Outcome

1. To gain the knowledge of administrative history of the Marathas.
2. To understand the regional history from a different perspective.
3. Understand the knowledge of income and expenditure of Marathas.

Subject Name: History of China (1839–1935)

Subject Code -HCBCS-17-114

Course Outcome

1. To gain the knowledge of an international perspective of the Asian region.
2. Provide an opportunity to the student with a detailed knowledge of modern Chinese history.
3. To understand the knowledge of various Chinese historical issues.

Semester – 2

Subject Name: Practice of History

Subject Code- HCBCS-17-211

Course Outcome

1. The main outcome is to provide the student with basic information regarding the methodological aspects related to the discipline of history.
2. Understand the theoretical background of the ideological base of the subject.
3. Understand various school of Indian Historiography.

Subject Name: Ideas and Institution in Medieval India

Subject Code -HCBCS-17-212

Course Outcome

1. To gain the knowledge of conceptual understanding of the Medieval Indian heritage.
2. To understand ideas and institution in medieval India with special reference to art, architecture and culture.
3. To gain the knowledge of Social and administrative system of medieval India

Subject Name: Social, Economical history of the Maratha

Subject Code -HCBCS-17-213

Course Outcome

1. To give the knowledge of social, and economical history of the Marathas.
2. Understand the study of regional history from a different perspective.
3. The main outcome is to give information about over all history of the Marathas.

Subject Name: History of China (1935- 1990)

Subject Code -HCBCS-17-214

Course Outcome

1. To gain the knowledge of an international perspective as he studies the history of the Asian region.
2. Provide an opportunity to the student with a detailed knowledge of modern Chinese history.
3. To understand the knowledge of various Changes in Chinese.

Semester -3

Subject Name: History of the Modern World (1870-1945)

Subject Code -HCBCS-17-311

Course Outcome

1. Understand the knowledge of World history.
2. To gain broad overview of the fundamental changes that have taken place in the world in modern times.
3. To gain the overall knowledge Changing World Affairs.

Subject Name: History of Modern India

Subject Code -HCBCS-17-312
