

A journey from a common student to a social engineer was of self discovery, full of knowledge and experience and this was only possible because of the support, encouragement and guidance I got from my college. TMV's Lokmanya Tilak Law College has been more than just a mere educational institution for me. These past five years here has not only helped me in understanding and learning the law, but also helped me understand what it means to be a good citizen of this country and how i can be best in my profession. TMV's Law College, all the teachers and staff have strong hand in nurturing me and to be successful in my future walk of life. I can now proudly say that I am a product of this prestigious institution.

AKASH B. UNDRE  
Student (B.A.LL.B - V)  
2019-20 Batch
