

# INSTITUTIONAL DISTINCTIVNESS

Tilak Maharashtra Vidyapeeth's vision is to impart national education through fine blend of traditional and modern teaching (knowledge) as well as to democratize quality higher education by empowering the masses and reaching the unreached. So, to achieve the goal of institution our Institute focuses on value-based education, Research, Sustainable development and excellence in Academics.

The positive outcomes are achieved by designing the curriculum to meet the global requirements and through teaching-learning methods combined with ethical values. The Institute helps the students to develop their ideas into commercially viable products, and makes them capable enough to stand up on their own feet.

Participation of students in co-curricular activities and extra-curricular activities helps to strengthen all rounded personality to strongly face the chaotic road of the future. Experiences gained through these activities assist students during internships.
